Aflatoxin

We only use specified oil seeds, which have been analyzed on aflatoxin at our suppliers before shipping. Added to that are random samples of raw materials taken for analysis on aflatoxin. The limiting values comply with the Regulations (EC) No. 396/2005 and No. 1881/2006 as amended.

GMO Status

All ingredients and raw materials used are from a non-GMO source and do not contain genetically modified organisms nor made with the help of genetic modification. This product fully complies with European Regulation (EC) No 1829/2003 and (EC) No 1830/2003.

Irradiation

None of the raw materials in use or our products themselves have been treated with ionising radiation.

Nanotechnology

We do not use any food or food ingredients that have been produced using nanotechnology or that contain nanomaterials. Our raw material suppliers confirm that the products supplied have not been treated.

Pesticides and Heavy Metals

We use only products that comply with the food law. Our raw materials suppliers always confirm their compliance with the Regulation on Maximum Residue Levels. Added to that, we subject the raw materials we receive to an analysis for heavy metals (lead, cadmium, mercury and arsenic) and pesticides on a random base. The analysis is carried out in an external laboratory according to the German Regulation on Maximum Residue Levels of 5 November 1999 (Federal Gazette I p. 2082) as amended.

Contamination with Foreign Matters

To ensure the safety of this product, we have installed state-of-the-art equipment including fine mesh sieves, permanent magnets, camera sorter, x-ray and metal detectors in order to exclude a contamination with foreign matter to the best possible extent.

Packaging

All food contact packaging materials we use comply with Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food and Commission Regulation (EU) No 10/2011 on plastic materials and articles intended to come in contact with food as well as with the German Food and Feed Book and the German Consumer Goods Ordinance, all as amended. All food contact packaging materials we use comply with the heavy metals values laid down in Council Directive 94/62/EC and with the requirements of Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), all as amended.
