

PREMIUM CANE SUGAR

(inv-BUAB)

OliveNation Premium Cane Sugar is made from 100% certified organic sugar cane. It is a “first crystallization” sugar, which means the cane is harvested, the juice is extracted, and it’s filtered then crystallized. All of this is done within twenty-four hours of when the cane is harvested. Since it is not processed like traditional refined white sugar, it retains a natural light blond color with a small amount of molasses.
